1. Memorandum of Imposing General Rates, Minimum Rates and Specified Area Rate for 2017/18

Following Council's adoption of the Integrated Financial Plan 2017/18 to 2031/32 on 16 May 2017, the forecasts contained in this plan have been used as the basis for producing a draft annual budget for 2017/18.

Councillors have held two budget workshops on the 9 May 2017 and 6 June 2016 to consider the draft budget. A proposed property rate yield increase of 4.5% is necessary to meet the operating and capital expenditure in the 2017/18 draft budget.

The proposed property rate yield increase of 4.5% was advertised for community and ratepayer information in July 2017 in the Bunbury Herald City Focus column, City of Bunbury E-news Letter and media release.

Recommendation

1. Council adopt the following Municipal Rates in the dollar on gross rental valuations for the 2017/18 financial year:

- 1.1 General Rate

- The General Rate on current Gross Rental Values for the 2017/18 financial year on all rateable land be **9.087** cents in the dollar.

- 1.2 Minimum Rate

- The Minimum Rate for rateable properties within the City of Bunbury be **\$1,131.00**.

- 1.3 Specified Area Rate - Grand Canals, Pelican Point

- A Specified Area Rate of **1.120** cents in the dollar on the Gross Rental Valuation for all properties within the Grand Canals Pelican Point for the provision of maintaining the waterways of the development as identified on the map and additional information **attached** at Appendix "1".

Note: Absolute Majority Vote Required

Outcome – Special Council Meeting 25 July 2017

The recommendation (as printed) was moved Cr Jones, seconded Cr McCleary.

The Mayor put the motion to the vote and it was adopted to become the Council's decision on the matter.

Council Decision 280/17

4. Proposed Change of Purpose of Reserve Funds

The City has a number of cash-backed reserves. Each reserve has a defined purpose for the use of these funds.

At the Council Meeting 27 June 2017 it was noted that for Council to fund the implementation of the City Promotional Strategy (\$60,000) from the City of Bunbury Parking Reserve in the 2017/18 Budget, this would require changing the purpose of the reserve.

There is also the need to give more clarity to the purpose of the Infrastructure Development Reserve so that funds are used solely on existing assets not new assets.

The following changes are proposed:

a) City of Bunbury Parking Reserve:

Current purpose:

To fund Council's general motor vehicle parking requirements within the City of Bunbury.

Proposed change of purpose:

To fund Council's general motor vehicle parking requirements within the City of Bunbury and promotion of the Central Business District (CBD).

Reason for change:

All car parking net revenue is transferred to the City of Bunbury Car Parking Reserve with the majority of car parking revenue coming from the CBD. As promotion of the CBD is likely to increase car parking revenue as visitors use the CBD car parks, it is purposed to expand the use of the reserve to include promotion expenditure for the CBD.

b) Infrastructure Development Reserve:

Current purpose:

To receipt funds specifically raised from the annual rates levied for the development of infrastructure.

Proposed change of purpose:

To receipt funds specifically raised from the annual rates levied for the renewal and upgrade of existing infrastructure assets.

Reason for change:

More clarity to the purpose of the Infrastructure Development Reserve is required to ensure that funds are used solely on existing assets not new assets.

Recommendation

1. Council changes the purpose of the City of Bunbury Parking Reserve to:
To fund Council's general motor vehicle parking requirements within the City of Bunbury and promotion of the Central Business District (CBD).
2. Council changes the purpose of the Infrastructure Development Reserve to:
To receipt funds specifically raised from the annual rates levied for the renewal and upgrade of existing infrastructure assets.

7. Administration and Interest Fees on Rates, Rubbish, Waste Minimisation and General Debtor Collection Charges 2017/18

The Rates and Charges proposed are as outlined in the recommendation below:

Recommendation

The following Rates and Charges are proposed as allowed under the Local Government Act 1995, to provide for Administration and Interest Charges on Rating, Rubbish, Waste Minimisation and General Debtor Collection charges during the 2017/18 financial year:

1. Instalment Plan Administration Fee

An Instalment Plan Administration fee of **\$7.00** for the second and each subsequent instalment notice issued will apply for rates and rubbish collection charges.

2. "Ad hoc" Payment Plan Fee

The recommended **\$31.50** Administration Charge per assessment applies on approved payment plans for rates and rubbish accounts which fall outside the standard four instalments program.

3. Late Payment Interest Charge

A charge on outstanding rates and rubbish collection accounts (including amounts owed on ad hoc Payment Plans) of **11%** will be calculated daily at **0.0301%** on a simple interest basis for the number of days from the account due date until the day prior to the day on which the payment is received.

4. Instalment Plan Interest Charge

An interest rate of **5.5%** will be calculated on a daily basis at **0.0151%** by simple interest basis from the due date of the first instalment as shown on the rate notice to the due date of each respective instalment.

5. Late Payment Interest Charge (Excluding Rates and Charges)

An interest charge of **11%** per annum, calculated on a simple interest basis for the number of days outstanding, may apply on unpaid debts (other than rates and rubbish collection charges) outstanding 35 days from the date of invoices raised after 1 July 2017.

8. **Waivers and Concessions**

The waivers and concessions proposed are as outlined in the recommendation.

Recommendation

The following waivers and concessions are proposed as allowed under the Local Government Act 1995 during the 2017/18 financial year:

1. **Waivers**

In respect to the Late Payment Interest Charge on rates and charges, the method of calculating the interest charge is on the daily balance outstanding.

There are instances where a small balance remains on the property assessment. This may have occurred due to a delay in the receipt of mail payments or monies from property settlements etc., and additional daily interest has accumulated.

Amounts outstanding of **\$5.00** and under will be waived, as it is not considered cost effective or equitable to recover from the new property owner. Estimated loss of revenue from this waiver is **\$2,850**.

2. **Concessions**

a) Storage Units

A concession of **\$497.00** per strata titled storage unit, totalling **\$64,610**, will be granted to strata titled storage units. This concession is to be applied to 130 storage units.

The Town Planning Scheme No 7 defines "Storage Unit" in the following terms, "premises used for the storage of goods, equipment, plant or materials". Further to this definition, the following criteria must be met:

- Strata titled;
- Zoned "Industrial" under Town Planning Scheme No. 7;
- Have no ablutions (waste water system) connected;
- Maximum area of 75m²

b) TPS Heritage Rates

Following application a concession of 30% (up to a maximum of \$1,000) on the general rates payable will be provided to eligible properties for a period of five years. This is where works relating to the conservation of the cultural heritage significance of the property has been undertaken in accordance with the City's Local Planning Policy – Rate Concession for Heritage Places. Estimated concession in 2017/18 is **\$6,708**.

Note: Absolute Majority Vote Required

Outcome – Special Council Meeting 25 July 2017

The recommendation (as printed) was moved Cr Kelly, seconded Cr Hayward.

The Mayor put the motion to the vote and it was adopted to become the Council's decision on the matter.

Council Decision 287/17

The following waivers and concessions are proposed as allowed under the Local Government Act 1995 during the 2017/18 financial year:

1. Waivers

In respect to the Late Payment Interest Charge on rates and charges, the method of calculating the interest charge is on the daily balance outstanding.

There are instances where a small balance remains on the property assessment. This may have occurred due to a delay in the receipt of mail payments or monies from property settlements etc., and additional daily interest has accumulated.

Amounts outstanding of \$5.00 and under will be waived, as it is not considered cost effective or equitable to recover from the new property owner. Estimated loss of revenue from this waiver is \$2,850.

2. Concessions

a) Storage Units

A concession of \$497.00 per strata titled storage unit, totalling \$64,610, will be granted to strata titled storage units. This concession is to be applied to 130 storage units.

The Town Planning Scheme No 7 defines "Storage Unit" in the following terms, "premises used for the storage of goods, equipment, plant or materials". Further to this definition, the following criteria must be met:

- *Strata titled;***
- *Zoned "Industrial" under Town Planning Scheme No. 7;***
- *Have no ablutions (waste water system) connected;***
- *Maximum area of 75m²***

b) TPS Heritage Rates

Following application a concession of 30% (up to a maximum of \$1,000) on the general rates payable will be provided to eligible properties for a period of five years. This is where works relating to the conservation of the cultural heritage significance of the property has been undertaken in accordance with the City's Local Planning Policy – Rate Concession for Heritage Places. Estimated concession in 2017/18 is \$6,708.

11. Reporting of Material Variances in the Monthly Statement of Financial Activity for 2017/18

The Local Government (Financial Management) Regulations require the Council to adopt (each year) a percentage or value to be used for reporting material variances in the Statement of Financial Activity. Any variance meeting these criteria will be required to have a supporting explanation in the monthly financial report to Council.

Council last adopted the reporting variances criteria at the Special Council Meeting for the adoption of the 2016/17 Budget on 27 July 2016.

Information is considered "material" if its omission, misstatement or non-disclosure has the potential to adversely affect decisions by users of the financial report or affect the discharge of accountability by management or Council.

Recommendation

A variance between actual and budget-to-date of greater than or equal to **10%** and **\$25,000** is considered to be a material variance for reporting purposes in the Statement of Financial Activity for 2017/18.

Outcome – Special Council Meeting 25 July 2017

The recommendation (as printed) was moved Cr Kelly, seconded Cr Hayward.

The Mayor put the motion to the vote and it was adopted to become the Council's decision on the matter.

Council Decision 290/17

A variance between actual and budget-to-date of greater than or equal to 10% and \$25,000 is considered to be a material variance for reporting purposes in the Statement of Financial Activity for 2017/18.

12. For Councillor Information

Council will raise a total of \$37.12M in General Rates, Minimum Rates and Specified Area Rates in 2017/18. However under Section 6.26(2) of the Local Government Act not all properties are rateable; for example: land used for charitable purposes, a place of public worship or schools. Rates foregone on 239 properties within the City of Bunbury due to this rate exemption under the Local Government Act total \$975,158. These properties are audited every two years to ensure their ongoing exemption status.

7.2 Appendices

7.2.1 Appendix 1: Specified Area Rate – Pelican Point - Grand Canals

Section 6.37(1) of the Local Government Act states the following:

Specified area rates

- (1) A local government may impose a specified area rate on rateable land within a portion of its district for the purpose of meeting the cost of the provision by it of a specific work, service or facility if the local government considers that the ratepayers or residents within that area —
- (a) have benefited or will benefit from;
 - (b) have access to or will have access to; or
 - (c) have contributed or will contribute to the need for, that work, service or facility.

The need for the Specified Area Rate is considered by Council each year to determine that the specific works will benefit the ratepayers within the Pelican Point - Grand Canals; that they will have access to these works; and contribute to the need for these works.

Council outlines the following reasons for imposing a specified area rate on the Pelican Point precinct within the City of Bunbury:

A rate in the dollar of 1.120 cents on the current Gross Rental Values for the 2017/18 financial year for all properties within the Grand Canals Pelican Point Development for the purpose of maintaining the waterways development will apply and generate \$45,861 in income.

What is the purpose of the rate?

The purpose of the rate is to raise funds over a given period of time to allow for the periodic dredging, clearing and maintenance of the canal waterways.

How much is the rate yield?

These rates will raise approximately \$45,861 for the 2017/18 financial year.

How is the rate calculated?

A rate of 1.120 cents in the dollar will apply on the Gross Rental Values for all properties located in the Grand Canals Specified Area (refer to the map over the page.)

Will the rate change?

The need for the Specified Area Rate is considered by Council each year to determine that the specific works will benefit the ratepayers within the Pelican Point Grand Canals Area; that they will have access to these works; and will need to contribute to these works.

The rate at present is only indicative and is heavily dependent on the amount of sand build-up that is in a direct relationship to river flows. Direct costs are anticipated to be in the order of \$300,000 per dredging which could be required every 5-7 years. The estimated Canal Management Reserves at the 30 June 2018 will be \$511,775.

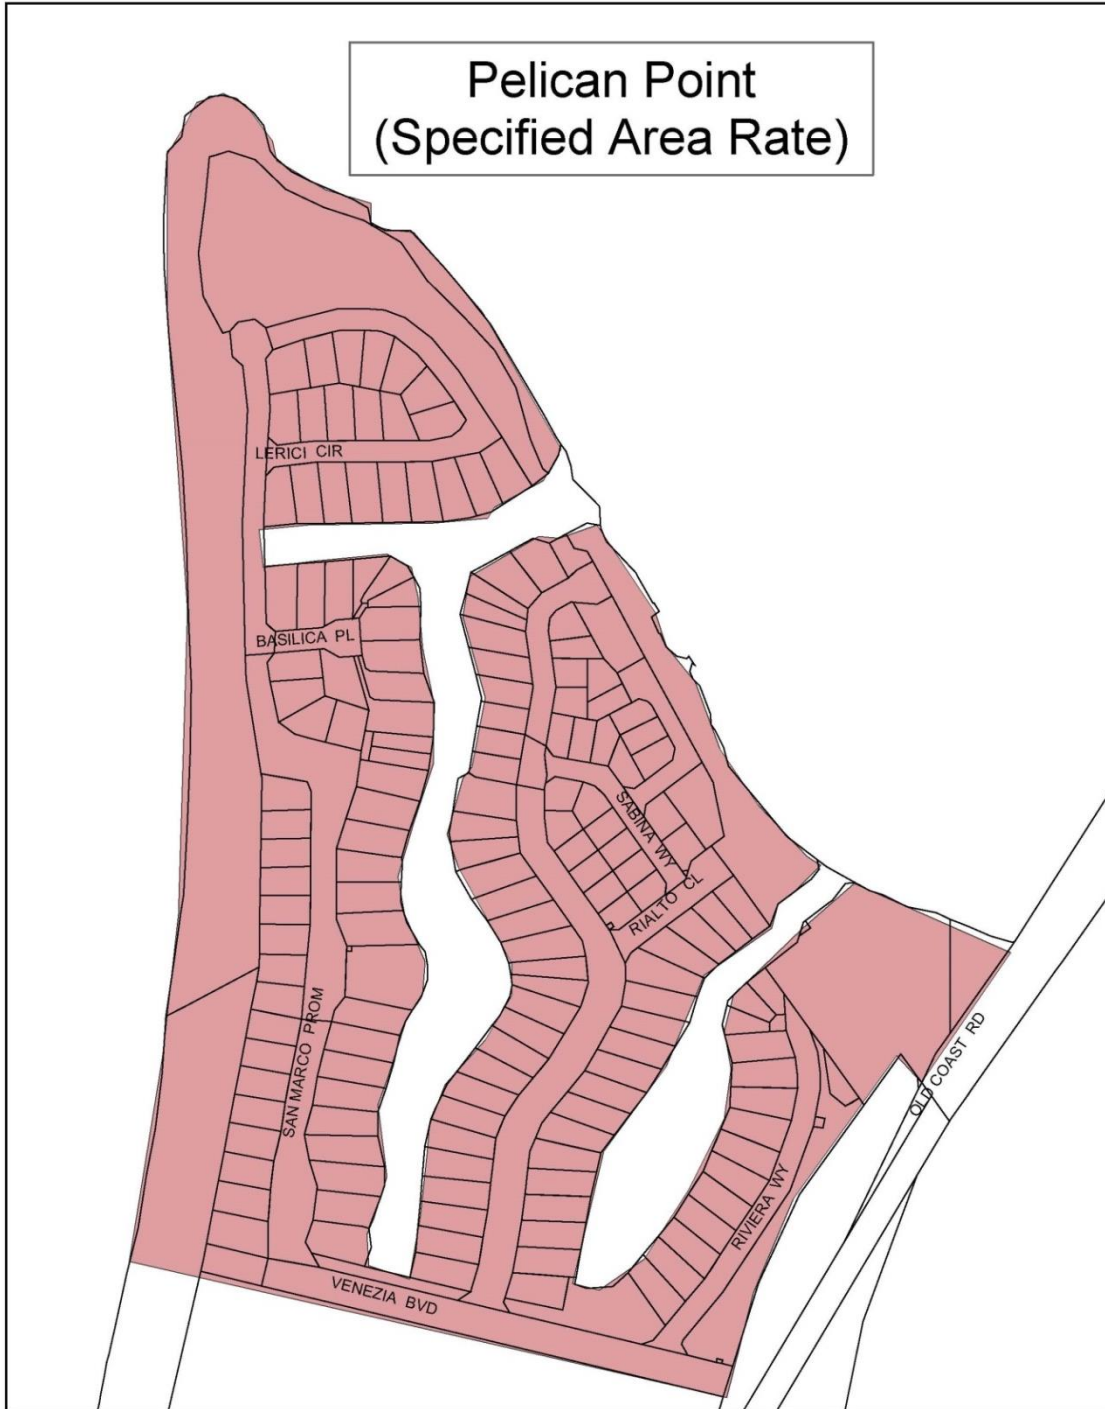

How was the cost calculated?

Costs for maintenance and repair work are based on estimates obtained from companies who will be contracted to perform the necessary work on the canals.

Has this approach been used elsewhere?

Canal developments have now occurred in a number of Council's around Australia. Many Councils use such standard options as specified area rates to ensure that the ongoing costs of repairs and maintenance are met.
